

ATAR Active

Pricing Schedule

As at 25th March, 2020

Service	Price
ATAR Estimations for Schools	<p>There are two options:</p> <p>1. Pay-as-you-go \$297 per school + \$1.10 per ATAR eligible student (these figures include GST) per estimation period*. All subject data must be entered by the school into the provided excel results template. (Note: extra charges apply if data is not correctly supplied and entered, please see below)</p> <p>This price includes supply of three PDF printouts –</p> <ul style="list-style-type: none"> • Cohort list of ATAR estimates for all students and the estimate from each of the four models, • A rainbow report for each student showing the rangebound estimate and subjects in contribution order towards the ATAR, • A master rainbow report which contains everything in the student rainbow report plus the actual estimation and the estimations generated by each of the four models. <p>A payment invoice with 14 days terms will be sent to schools along with the ATAR estimations.</p> <p>2. Calendar year commitment – same pricing calculations and outputs as pay-as-you-go, except if a school commits to purchasing 3 or 4 sets of estimations for the calendar year (these can be for Year 11 or Year 12 students) there is a 20% discount. You must pay up front and the amount charged for the year is non-refundable, unless we cannot supply at our end. Any of the extra charges listed below may still apply, if applicable. Email us along with your requirements and numbers of prospective ATAR eligible students for a quote.</p> <p>For schools with small cohorts that can't fit within the budget of either of these options, please call to negotiate a price.</p>
Data Manipulation Fees	\$55 - \$110 (including GST) if data has not been correctly entered into the provided excel template and more work is needed by ATAR Active Pty Ltd to manipulate the data into the correct form. (We will contact you first to discuss options before charging).
Paper Printout Fee	All reports are provided for free as part of the base cost in electronic (PDF) form, but if schools require a paper copy to be supplied by us, the price is 25 cents per page + postage.
Try before you buy	Free – 10 student estimations will be provided at no cost to the school, in order to evaluate the service. To qualify for this offer, all requested data must be correctly entered into the provided excel results template (the same template is used for all estimations).

*An estimation period is any time that the school requires a fresh set of estimates based on new data.
