Service	Price
ATAR Estimations for Schools	<p>A set of estimates for your cohort will cost \$275 per school + \$1.10 per ATAR eligible student (these figures include GST) per estimation period*. The maximum charge for any school will be \$399, irrespective of the number of students that estimations are being sought for. This price includes supply of three PDF printouts –</p> <ul style="list-style-type: none"> • Cohort list of ATAR estimates for all students and the estimate from each of the four models, • A rainbow report for each student showing the rangebound estimate and subjects in contribution order towards the ATAR, • A master rainbow report which contains everything in the student rainbow report plus the actual estimation and the estimations generated by each of the four models. <p>All subject data must be entered by the school into the provided excel results template. (Note: extra charges apply if data is not correctly supplied and entered, please see below)</p> <p>A payment invoice with 14 days terms will be sent to schools along with the ATAR estimations.</p> <p>Any subsequent estimates requested by a school in each calendar year are supplied at a 20% discount (these can be for the same cohort or a different cohort).</p> <p>For schools with small cohorts that can't fit within the budget of the above pricing, please call to negotiate a price.</p>
Data Manipulation Fees	<p>\$55 - \$110 (including GST) if data has not been correctly entered into the provided excel template and more work is needed by ATAR Active Pty Ltd to manipulate the data into the correct form. (We will contact you first to discuss options before charging). Please note that data fees, if applicable, may still apply to schools seeking the 20% discount.</p>
Paper Printout Fee	<p>All reports are provided for free as part of the base cost in electronic (PDF) form, but if schools require a paper copy to be supplied by us, the price is 25 cents per page + postage.</p>
Try before you buy	<p>Free – 10 student estimations will be provided at no cost to the school, in order to evaluate the service. To qualify for this offer, all requested data must be correctly entered into the provided excel results template (the same template is used for all estimations).</p>

*An estimation period is any time that the school requires a fresh set of estimates based on new data.
